

**NOTICE from  
THE UNITED STATES BANKRUPTCY COURT  
FOR THE  
NORTHERN DISTRICT OF OKLAHOMA**

**Subject:** Changes in Order and Notice formats due to implementation of new computer system

**Date:** November 3, 2003

---

Effective December 1, 2003, the United States Bankruptcy Court for the Northern District of Oklahoma will convert all existing case and proceeding information to and open all new cases and proceedings on its new computer system known as CM/ECF (System). The System will allow qualified, registered users to file documents electronically to the System in Portable Document Format (PDF). Because of the abilities of the new System, the Court and Clerk's Office will be adopting new procedures for handling many matters including the format of Notices of Filing and the format of Orders from the Court.

**Orders**

The Court will be issuing "Text Orders" which will not include a separate document signed by the Judge. The entry of the text on the docket will take the place of a signed order. An example of a text order printed from the docket sheet is provided as **Attachment 1**. **Attachment 2** shows the "Notice of Electronic Filing" associated with the Text Order in Attachment 1. These two documents may be the only evidence that an order was filed by the Court.

**Note:** The actual wording of the text indicating that an order is Text-Only has not yet been finalized. Upon receipt of an order from the Court, parties are advised to check the docket online by accessing the Court's website at [www.oknb.uscourts.gov](http://www.oknb.uscourts.gov) and clicking on the CM/ECF Access link. A WebPACER account is needed for this access and instructions for attaining an account are on the Court's website.

Orders may also be generated by the Court in a more traditional fashion. These orders may contain the digital signature of a Judge or the indication that the Judge has approved the order with an "s/ Judge Name" or similar mark.

Whatever form an order of the Court takes, it will still have the same power and effect as a paper order signed by the Judge. Parties should be prepared to accept these orders as has always been the case. Parties may want to put into place a system for verifying the authenticity of court orders if any problems are anticipated

**Noticing**

Noticing from the Court may be in electronic format as stipulated by the Administrative Procedures governing the CM/ECF System. In some cases, notices will not contain original documents because no original document exists. In such cases, a notice will include or consist of a copy of the "Notice of Electronic Filing" as seen in **Attachment 2**. At this time, no party who is not registered as a user in

the System will be required to accept an e-mail notice from the System as notice from a party. Notice through the Bankruptcy Noticing Center (BNC) is not affected by the use of this System at this time.

### **New Case Filed**

When a case is filed electronically, the filer receives a copy of a “Notice of Bankruptcy Case Filing” as seen in **Attachment 3**. The filer may also access a copy of the “Notice of Bankruptcy Case Filing” which has the Court Seal on the document, **Attachment 4**. There will be no copy of the petition with a filing stamp on it. This notice may be the only document that a debtor or attorney offers for proof of commencement of a Bankruptcy Case. Although the Court will not dictate the documentary evidence a party must accept for proof of filing, the filing of a case electronically will invoke the same Automatic Stay as the filing of a paper petition. Social Security numbers will not appear on these documents. Also, the name of the Judge and Trustee assigned to the case may not appear on the notice if the notice was printed before the case was assigned a Judge and Trustee.

### **Certification**

The court will continue to certify copies of documents as it always has. Anyone needing information on obtaining a certified document may call the court at 918-699-4000.

### **Access**

Any person who wishes to access the information on the System, including Docket Information, Documents filed, Claims Information, etc., may apply for a WebPACER, read-only account. Current WebPACER logins will allow users to access the System; a new login is not required to access information in the System. Information on obtaining a WebPACER login is available on the Court’s website or at [www.pacer.psc.uscourts.gov](http://www.pacer.psc.uscourts.gov). Documents and information viewed via a WebPACER account will cost the user seven cents per page and no fee is owed under this provision until an account holder accrues charges of more than \$10 in a calendar year. Consistent with Judicial Conference policy, courts may, upon a showing of cause, exempt ... individual researchers associated with educational institutions, courts, section 501(c)(3) not-for-profit organizations and pro bono ADR neutrals from payment of these fees. For an exemption to the fee, please contact the Court Clerk on the CM/ECF Help Line listed below.

### **Training**

Any organization wishing to be trained on the use of the system for finding information and documents may contact the CM/ECF Help Line listed below.
